2.6.2: Attainment of programme outcomes and course outcomes are evaluated by the institution.

Programme Outcome Attainment
Academic year 2023-24

Programme outcomes (PO) of various programmes offered by the institution are measured on the basis of performance of the learners in different curricular and co-curricular activities. Depending upon the nature of the programme, the institution practices different methods to measure the attainment level of programme outcomes. Some of the methods adopted are as follows.

1. Continuous monitoring of students by doing regular practicals and handing different instruments
2. Use of continuous internal evaluation through assignments, unit test& mid tests.
3. Participation of learners in different elocution, debates, seminar and sports competitions to assess individual and teamwork.
4. Use of question- answer methodology to check communication skills and critical thinking of learners.
5. Learner's involvement in field visits, group discussion and study tours are used to assess social interaction and effective communication   as well as social and professional ethics in a student.

Besides this learners are evaluated constantly based on their regularity, their responsiveness, participation in class discussions. The following scale is used to analyze the attainment of programme outcomes.

- Attainment level-1: 0-25% students successfully completed the respective course at   Final year.
- Attainment level-2: 26-49% students successfully completed the respective course at Final year.
- Attainment level-3: 50-74% students successfully completed the respective course at Final year.
- Attainment level-4: 75-100% students successfully completed the respective course at final year.
