4. Mentor System:

We have set up a separate mentor system with female faculty members for the grievances of female students in our college. Through this system we are monitoring and encouraging the students to solve their problems over a period of three years in the college. Mentors integrate with the students for their development and to plan for the future of the students with the help of collaborations with different organizations. Conducting interaction meetings with the parents to explain the progress of the children's education, discipline and attendance. With the help of this mentor system female students can gain a degree as well as proficiency in the job market and participate in a better society.
