Name of the event	World Environmental day Events
Date of the event	05-06-2023
Place of the event	At College Premises

World Environmental day Events

OBJECTIVE:-

World Environment Day provides a platform for everyone around the globe to speak out about issues facing the environment. On this great day, we NCC Cadets of SGS Arts College take an oath to follow the best environment healthy practices like planting and growing trees, using bio-degradable products, encouraging public transportation etc. We also pledge to create awareness in our locality on the growing environmental issues and bring social benefits to all people in all walks of our life.

We feel privileged to organize different events in the college premises like Tree plantation in the campus, cleaning the campus, collecting plastic garbage, cleaning nearby water bodies, debates, essay writing competitions etc., under the leadership of our college principal Prof N.Venugopal Reddy, Vice Principal Dr. Chandrakesavulu Naidu, NAAC Coordinator Sri D.Parameswara, Flying Officer Sri P.Udaya, CTO Sri P.Harish Reddy and SGS Arts College Staff.
